## Subject Index

### *Carcasses and meats*

Calved and maiden heifers for beef carcass and meat characteristics .....	1, 21
Carcass composition in crossbred lambs sired by ten breeds .....	145
Meat and fat quality in boars, castrates and gilts .....	187

### *Cattle*

Adjustment of lactation yield for age at calving .....	321
Adjustment of test day yield for age, season and stage of lactation .....	335
Calved and maiden heifers for beef production .....	1
Correction of insemination results .....	363
Dairy sire evaluation/herd-year-season effects .....	117
Design of milk production trials .....	373
Meat characteristics of calved and maiden heifers .....	21
Milk production: herd, year and season variation .....	107
Persistency in milk production: comparison of measures .....	307
Productivity aspects of keeping cow and calf together post-partum .....	385
Propionic acid infusion: effects on plasma insulin and production .....	201
Non-genetic influences on post-weaning growth of beef cattle .....	349
Replacement and ranking of dairy cows .....	131

### *Experimentation*

Design of milk production trials .....	373
Refined isotope dilution method: milk intake estimate in piglets .....	163

### *Genetics and selection*

Adjustment of lactation yield of cows for age at calving .....	321
Adjustment of test day yield of cows for age, season and stage of lactation .....	335
Boar performance in two genotypes .....	41
Central pig testing: environmental effects and parameters .....	215
Correction of insemination results in cows .....	363
Dairy sire evaluation/herd-year-season effects .....	117
Genetic evaluation of stallions .....	407
Heifers for beef production: genotype effects .....	1
Herd, year and season variation in milk production .....	107
Leg weakness and osteochondrosis in pigs: breed differences .....	65
Non-genetic influence on post-weaning growth in beef cattle .....	349
Persistency of milk production in dairy cows: measures .....	307
Tissue growth in crossbred lambs sired by ten breeds .....	145

### *Growth*

Calved and maiden heifers for beef .....	1
--	---

Tissue growth in crossbred lambs sired by ten breeds .....	145
--	-----

### *Horses*

Genetic evaluation of stallions .....	407
---------------------------------------	-----

### *International co-operation*

Annual meeting of E.A.A.P. 1986: reports and listed papers .....	259
Applied ethology in farm animals: international symposium 1986 .....	299
Karakul symposium 1986 .....	197

### *Management and health*

Applied ethology in farm animals: conference report .....	299
Bulky feeds in management and husbandry of pigs .....	395
Early calving heifers for beef production .....	1
Keeping cow and calf together post-partum: productivity aspects .....	385
Lasting housing effects after weaning in pigs .....	175
Leg weakness and osteochondrosis in pigs .....	65
Replacement and ranking of dairy cows .....	131
Response of lambs to changes in temperature and daylength .....	37

### *Nutrition*

Bulky feeds in management and husbandry of pigs .....	395
Calved and maiden heifers for beef: feeding level effects .....	1
Energy requirements of pregnant pigs .....	75
Energy utilization and maintenance requirements in pregnant sows .....	243
Estimation of milk intake by piglets: isotope dilution method .....	163
High fibre feeds for sows: a review .....	229
Lasting effects of housing after weaning on feed efficiency in pigs .....	175
Post-partum feeding and sow performance .....	91
Propionic acid infusion in cows: effects on plasma insulin and production .....	201

### *Pigs*

Boar performance in Large White and Belgian Landrace crosses .....	51
Bulky feeds in management and husbandry of pigs .....	395
Central test: environmental effects and genetic parameters .....	215
Energy requirements during pregnancy .....	75
Energy utilization and maintenance requirements in pregnant sows .....	243
Estimation of milk intake by piglets: isotope dilution method .....	163
High fibre feeds for sows: a review .....	229
Lasting housing effects after weaning .....	175
Leg weakness and osteochondrosis: sex/breed differences .....	65
Meat and fat quality in boars, castrates and gilts .....	187
Post-partum feeding and sow performance .....	91

*Reproduction*

Boar performance in Large White and Belgian Landrace crosses .....	51
--	----

*Sheep and Goats*

Karakul symposium 1986 (conference report) .....	197
Temperature and daylight effects on lambs .....	37
Tissue growth in lambs sired by ten breeds .....	145
